(*d*) With regard to the collection of fees on Voddar carts, grass bundles, etc., opposite the Central Vegetable Market and behind the City Cattle Pound, as well as fees on temporary stalls on Municipal land by the Roadway, the Vice-President will be requested to frame suitable bye-laws under Section 70 (*i*) and bring them up urgently for the consideration of the Council.

2. D. O. letter No. 36, dated the 24th April 1918, from the Executive Engineer, Water-supply Division, suggesting that in view of the inadequacy of the pumping arrangements, the supply of water to the City would have to be made intermittent or a certain proportion of public fountains in localities where houses had private service connections, would have to be plugged without materially interfering with legitimate public requirements.

The Executive Engineer, Water-supply Division, was present and explained the present position.

*Resolution.*—The fountains in the old City may not be interfered with;

about 30 per cent or more of the public fountains in the extensions may be closed temporarily with due consideration to the nature of the locality concerned and the wants of the public;

the Water-supply Department may be recommended to entertain at once preventive establishment to minimise as far as possible the consumption of water for gardening and other non-domestic purposes and prevent waste.

K. P. PUTTANNA CHETTY,
*Honorary President.*
